

J. ROCKETT AUDIO DESIGNS

The IQ Compressor is an EQ/Compressor with a post-compression EQ. The IQ can be used as a stand alone EQ with volume or you can feather in a little or a lot of compression. Each frequency slider has 18db of gain or cut. The IQ has a volume and mix control. The volume control increases or decreases the output level and the mix control simply blends the compressed signal with the dry signal. (There will be a slight bump in volume as the mix control blends dry with wet). It can be adjusted with the volume control.

Controls

6 Band Graphic EQ

- Band 1- 100 Hz
- Band 2- 200 Hz
- Band 3- 400 Hz
- Band 4- 800 Hz
- Band 5- 1.5K
- Band 6- 3.2K

Volume- Controls the Overall Output

Mix- Blends Compressed Signal w/Dry Signal

Settings

Mild compression with the IQ allows you to simulate tube sag when you hit the front end of and OD with the IQ. You can go from very subtle compression to full-on country crush. The greatest benefit to having the built in EQ is that it will allow you to “un-color” your sound. Most compressors have a tendency to color your sound and muck with the top end. The IQ allows you to dial in totally transparent frequencies. On the other hand you can also color your tone to the extreme if you so desire.

- Six Band Graphic EQ
- I/O Jacks at the Head of the Pedal
- 9V DC Operation with Standard (- tip and + sleeve)
- Approximately 4” x 2.50” in Size
- Weight is 1 pound
- True Bypass

2.1mm x 5.5 mm tip/negative plug

Warranty

J. Rockett Audio Designs LLC will repair or replace, at its discretion, defective workmanship or materials on all new J. Rockett Audio Designs products directly or through the selling dealer or an authorized service technician for one year from the date of purchase at no cost to the original purchaser. Repair and replacement parts installed will be warranted for the unexpired portion of the original warranty term.

Before sending a product in for repair, please contact us at chris@rockettpedals.com or jay@rockettpedals.com or call us at 760-419-1345.

This warranty does not cover shipping costs, product appearance or damages caused by accident, abuse, misuse or alteration. A dated sales slip or order number (issued by a tech, dealer or J. Rockett Audio Designs) must accompany a product being returned for warranty service. Repairs without a return authorization number will be refused. Please allow four (4) weeks for warranty service. For more information please contact J. Rockett Audio Designs via our website at www.rockettpedals.com or call us at 760-419-1345. No other warranty is expressed or implied.
