

J. ROCKETT AUDIO DESIGNS

Controls

- **Volume:** All the way to the right increases volume, all the way to the left decreases volume.
- **Gain:** To the right increases gain, to the left decreases it.
- **Tone:** A subtle control to adjust the highs and smoothness.
- **Fat:** A subtle, low-end trim. This control enables you to make adjustments when going from humbucker pickups to single coil pickups.

Settings

The new Blue Note Tour Series is exactly what you think...a small, compact version of the current production Blue Note OD. The Blue Note Tour Series is identical in sound to the original Blue Note OD but does not offer the "Hot Switch" option.

The Blue Note Tour Series is designed for the touring musician with a rugged, steel enclosure and the new "Speed Switch" system. You can live in the jazz/blues world all day long with the Blue Note Tour Series always engaged. It gives you that subtle overdrive that can ride right on the edge of breakup, depending on how hard you dig in. It is one of the warmest, most musical overdrives on the market, with amazing touch sensitivity and responsiveness.

All J. Rockett Audio Designs pedals operate off of the standard BOSS type 9 volt adapter or a single 9 volt battery. The power input is a 5.5 mm x 2.1 mm jack with the positive voltage on the outer sleeve. Using an external power supply will automatically disconnect the battery. Disconnect the input jack to preserve battery life when not in use or when not used with an appropriate, external power supply.

2.1mm x 5.5 mm tip/negative plug

Warranty

J. Rockett Audio Designs LLC will repair or replace, at its discretion, defective workmanship or materials on all new J. Rockett Audio Designs products directly or through the selling dealer or an authorized service technician for one year from the date of purchase at no cost to the original purchaser. Repair and replacement parts installed will be warranted for the unexpired portion of the original warranty term.

Before sending a product in for repair, please contact us at chris@rockettpedals.com or jay@rockettpedals.com or call us at 760-419-1345.

This warranty does not cover shipping costs, product appearance or damages caused by accident, abuse, misuse or alteration. A dated sales slip or order number (issued by a tech, dealer or J. Rockett Audio Designs) must accompany a product being returned for warranty service. Repairs without a return authorization number will be refused. Please allow four (4) weeks for warranty service. For more information please contact J. Rockett Audio Designs via our website at www.rockettpedals.com or call us at 760-419-1345. No other warranty is expressed or implied.
