

JUICE POWER SUPPLY

The **JUICE** power supply is our new solution for easy power and is part of our JUICE power system. We designed the JUICE to be extremely quiet and extremely powerful at 2 Amps (2,000 mA). This will not leave you wanting for more power but if you do find yourself in need of more you can always add more JUICE JOINTS or JUICE BARS to be powered by another JUICE. If your rig needs more power than 2 Amps then it is indeed a very large rig. Most musician's rigs typically draw 1 Amp (1,000mA) or less and that typically includes a large draw digital pedal like a Strymon Timeline. Most of the large digital supplies require a 300mA draw just to start up. With our system you are not confined to channels that may or may not have enough power on tap for the simple startup. The JUICE system distributes the exact power your pedals need without leaving mA's on the table. Use the JUICE as you would a 1Spot or use it with our JUICE system.

INPUT - 100-240V (50-60Hz 0.8A Max)

OUTPUT - 9V - 2Amp - 18.0 Watt.

NEGATIVE TIP ALSO KNOWN AS CENTER NEGATIVE.

9VDC

WARRANTY

J. Rockett Audio Designs LLC will repair or replace, at its discretion, defective workmanship or materials on all new J. Rockett Audio Designs products directly or through the selling dealer or an authorized service technician for one year from the date of purchase at no cost to the original purchaser. Repair and replacement parts installed will be warranted for the unexpired portion of the original warranty term.

Before sending a product in for repair, please contact us at jay@rockettpedals.com or call us at +1 (720) 936-8623.

This warranty does not cover shipping costs, product appearance or damages caused by accident, abuse, misuse or alteration. A dated sales slip or order number (issued by a tech, dealer or J. Rockett Audio Designs) must accompany a product being returned for warranty service. Repairs without a return authorization number will be refused. Please allow four (4) weeks for warranty service. For more information please contact J. Rockett Audio Designs via our website at www.rockettpedals.com or call us at +1 (720) 936-8623. No other warranty is expressed or implied.

**JUICE provides a
negative tip also known as center negative.**
